

Defender[®] Door Handle Alarm

Box qty: 1
Code: EL00002

A device that is designed to detect potential intruders before they even open the door.

BRAND
ME

Key Information

- Sensitivity adjustment
- 125dBs siren
- Exit delay
- Lightweight and portable
- Quick and simple to use

Thieves often rely on easy targets, and will often check for unlocked doors. The magnetic field surrounding the unit detects potential intruders. Features include an exit delay and a sensitivity adjustment.
