

PRO SECURITY

FRAMEWORK BROCHURE 2026/2027

**Police
Edition**

EXCLUSIVE PSF BUNDLE: DEFENDER VIDEO DOORBELL & WI-FI CAMERA

Secure homes like never before with the Defender Video Doorbell and Defender Wi-Fi Cam, a dynamic duo built for peace of mind. Fully compliant with the Telecoms Act and IASME assured, both devices use the 'Tuya' app and can be used in conjunction with one another to secure both the front and back of the property.

The Defender Wi-Fi Camera provides flexible, reliable indoor & outdoor surveillance, with free app access to view, save and share footage with no subscriptions and no hidden costs.

This exclusive bundle brings trusted, cyber-secure protection to every home, making it the safest choice on the market.

Available now through the Pro Security Framework at an **exclusive price**.

Code: CC00455

- Portable and lightweight
- Fits most internal doors
- Secured by Design
- No damage to door frame
- Made from reinforced steel & aluminium alloy

Code: HA00829

DEFENDER MAX ULTRA SOLAR SECURITY LIGHT

The Defender Max Ultra is built for durability, performance and simplicity. With 150 powerful LEDs producing 1200 lumens of light, its triple-head design floods large outdoor areas with reliable, security-grade illumination exactly where it's needed.

Crafted from robust cast aluminium and rated IP44 weatherproof, the Max Ultra stands up to year-round use. A solar-powered panel means no wiring, no running costs and minimal maintenance with a 4.7 m cable included for flexible installation.

Adjustable motion settings give full control over detection range (6-12 m), brightness and duration. Ideal for perimeter security, intruder deterrence and vulnerable zones, the Max Ultra delivers dependable, independent protection.

Code: OT01287

DEFENDER MAX II SOLAR SECURITY LIGHT

- Solar-powered security light
- 850 lumens/80 LEDs
- Fully charges in 20hrs
- 6-12 m PIR detection range
- On/Auto/Off switch

- Adjustable after-dark duration (2-8 hrs)

Code: EL00212

DEFENDER MINI 24 HOUR SEGMENT TIMER

- Auto On/Off - up to 3200W
- Simple to use
- Compact mini design - saves socket space
- Hands-free convenience and safety

Code: EL00210

DEFENDER ULTRA SLIM ALARMS 4 PACK - SBD

The Defender Ultra Slim Alarm 4-Pack is a sleek, low-profile magnetic and vibration sensor alarm set designed for doors, windows and other entry points. When triggered by physical shock or tampering, it emits a high-decibel siren (around 125 dB) to alert users and deter intruders. Each unit can be mounted via the strong adhesive on the back of the unit and includes features like adjustable sensitivity and a short exit delay before full activation. The ultra slim design ensures it's discreet on frames or glass and the pack of four allows users to protect multiple access points around the home.

Code: EL00233

Police Preferred Specification

DEFENDER ULTRA SLIM MAGNETIC CHIME & ALARM - SBD

- Magnetic separation alert
- Set to chime or alarm
- 125dBs siren

DEFENDER COOPER PERSONAL ALARM - SBD

- 130dBs siren
- Keyring attachment
- LED torch
- Ring-pull activation
- Compact & modern design

Code: AL00017

DEFENDER LUNA 2.0 PERSONAL ATTACK ALARM - SBD

The Defender Luna is a modern and stylish personal alarm designed to give individuals peace of mind wherever they go. Compact and lightweight, it can be carried using the included attachments such as the handy bag clip and key ring, making it easy to keep on you or your keys.

When activated, the Luna emits a piercing 125 dB siren alongside a powerful strobe light, working together to deter threats and draw immediate attention. Operation is simple and user-friendly: just pull the top ring completely out to trigger the alarm, and it will continue sounding until the pin is replaced. The Luna features an anti-snap design with a plastic block (no metal pin), reducing the risk of the activation mechanism snapping and improving reliability when used.

Having achieved Police Preferred Specification, the Defender Luna combines style with trusted, independently tested protection, an ideal personal safety companion for everyday use.

Code: AL00044

DEFENDER PORTABLE PANIC ALARM

- 130dBs siren
- Push button activation
- Multi-use adhesive back
- Rechargeable
- Low battery alert

- 128dBs siren
- Keyring attachment
- Engagement favourite
- Lightweight and stylish
- Ring-pull activation

Code: AL00011

DEFENDER SIGNAL BLOCKER - SBD

The original and most successful signal blocker on the market, an essential tool to block signals and prevent phone tracking. The Defender range is widely recognised for its quality, with a strong history of awards and accreditations that highlight its trusted reputation. Available in two sizes, the larger design offers a discreet anti-tracking solution, particularly valued by victims of VAWG. Mobile phones can be placed inside to instantly block signals and the pouch can be worn discreetly under clothing using the detachable lanyard (OT01365).

Code: OT01119

- RFID blocking solution
- Branding available
- Mixed colours black/red/silver
- Anti-tear material
- Waterproof
- Compact and slim design

Code: OT01391

CHECK YOUR DRINK - DRINK SAFETY TEST STRIP - SBD

As simple as it is effective, the CYD safety test strips allows individuals to use their fingers or a straw to dab two drops of their drink onto the unique detection strips, with an instant chemical reaction producing a change in colour that informs whether the drink has been compromised or not. Testing for GHB, Ketamine, Cocaine and Scopolamine, users are given a rapid reading of the presence, or not, of the most common substances used within this type of crime, allowing them to take the required action.

The Check Your Drink test strips, long established as a leading solution for detecting and alerting to drink tampering, have been a favourite of our customer base since first teaming up with CYD Ltd in 2018 to introduce the product into the Police market. Exclusively sold by Solon to the police, we are proud to supply the only drink spiking test on the market that holds the SBD accreditation.

Code: OT01142

REUSABLE DRINK PROTECTOR
