SOLON

UK's Leading Wholesaler of Crime Prevention & Community Safety Products

About Us

For over 30 years, Solon Security has supplied trusted community safety and crime prevention products to organisations across the UK.
We work closely with, local authorities, charities, housing associations and support services to deliver practical solutions that help protect vulnerable individuals and create safer homes.

Our specialist VAWG protection range includes personal safety products as well as home protection solutions designed to improve safety, reassurance and independence.

We are proud to support organisations working to protect and empower survivors of domestic abuse and violence against women and girls.

DUAL-BAND VIDEO DOORBELL

EL00226

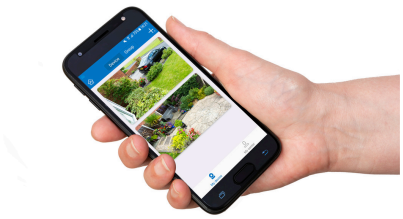

The Defender Video Doorbell helps users feel safer and more in control at home by allowing them to see, speak to and monitor visitors remotely via an easy-to-use app.

Designed with both security and reassurance in mind, the system provides clear HD video, live viewing and secure playback without ongoing cloud subscription costs.

The device is fully cyber secure and has achieved Secured By Design Police Preferred Specification accreditation, giving organisations and end users confidence that data and footage remain protected.

Optional anti-tamper protection provides additional reassurance for vulnerable users.

Personal Alarms

Police accredited protection

Luna 2.0 AL00044

The Defender Luna 2.0 is a police-accredited personal safety alarm designed to provide immediate assistance in an emergency. Featuring a powerful siren and bright strobe light, it helps attract attention and disorientate an attacker, giving the user valuable time to move to safety. A trusted solution for personal protection and reassurance.

Everyday personal safety

Heart Alarm AL00011

Designed to provide reassurance and confidence when out and about, the Heart Personal Alarm features a simple pull-pin activation that triggers a powerful siren to attract attention and deter potential attackers. Compact, lightweight and easy to carry, it is ideal for vulnerable individuals, lone workers and anyone seeking an added layer of personal safety

Emergency assistance

Panic Alarm AL00041

Ideal for use within the home, refuge accommodation or supported housing, the Portable Panic Alarm allows users to quickly raise an audible alert when assistance is needed. Lightweight and easy to operate, it provides reassurance and peace of mind for vulnerable individuals, the adhesive back allows users to attach to their phone helping them feel safer in their environment.

Police accredited protection

MKA AL000 05/34/35

The MKA Personal Attack Alarms are compact, reliable and easy to use, they offer added reassurance for vulnerable individuals, helping them feel safer and more confident both at home and when out in the community. Available in black (AL00005), Red (AL00034) and Purple (AL00035).

Everyday personal safety

Cooper AL00017

A compact and reliable personal safety alarm designed to provide reassurance and deter threats. Activated by a simple pull-pin mechanism, it emits a powerful 130dB siren, LED torch and convenient keyring for easy attachment to keys or bags.

Emergency assistance

4T AL00043

The 4T Multi-Function Panic Alarm is a versatile personal safety device designed to provide reassurance both at home and on the move. Featuring a powerful 140dB siren and flashing light, it helps attract attention quickly in an emergency. Its dual-purpose design allows it to be carried as a personal alarm or mounted as a fixed panic alarm at home/accomodation, making it an ideal solution for vulnerable individuals seeking additional safety and peace of mind.

Entry Point Protection

EL00233

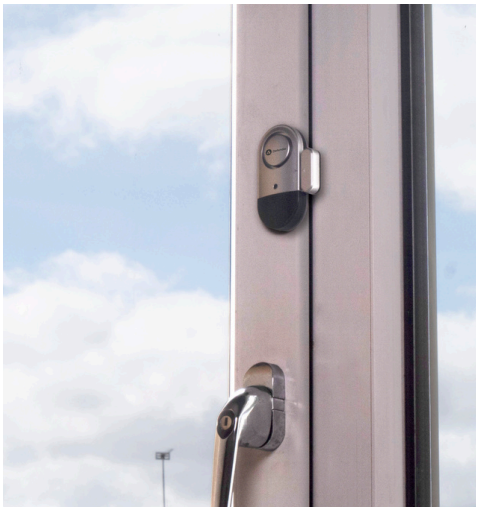

Defender Ultra Slim Alarm 4 Pack

The Defender Ultra Slim Alarm 4 Pack provides a quick and effective way to enhance safety and reassurance within homes, refuge accommodation and supported housing. Featuring a combination of door, window and vibration alarms, the pack helps alert occupants to unauthorised entry attempts, providing an additional layer of protection and peace of mind. Easy to install with no wiring or specialist tools required, these discreet alarms can be fitted in minutes and moved when needed, making them ideal for temporary accommodation and situations where permanent security measures are not possible.

- **Simple DIY installation – no wiring required**
- **Loud audible alerts**
- **Ideal for refuge, temporary and supported accommodation**
- **Can be fitted and removed without damage to surface**
- **Cost-effective solution for protecting multiple entry points**

Door Security

Emergency Door Protection

Swiftlock x2 HA00840

The Defender Swiftlock is an innovative internal door security device designed to quickly create a safe room in an emergency. Once fitted, the simple press-and-slide mechanism helps prevent unwanted access through internal doors, providing valuable time to seek assistance and increasing reassurance for vulnerable individuals.

Lightweight & Portable

Howsarlock HA00829

Compact, lightweight and easy to install, Howsarlock can be fitted in seconds without damaging the door or frame. Its portable design makes it particularly suitable for temporary accommodation and situations where permanent security measures are not possible.

Heavy-Duty Protection

Door Brace HA00721

The Defender Door Brace is a robust emergency security solution designed to help delay forced entry and provide additional reassurance for vulnerable individuals. Suitable for both internal and external doors, including patio doors, it can be deployed quickly when required and adjusted to fit a wide range of door types.

Card Defender Diamond - Help

OT01452

This Card Defender is an innovative product designed to help people in dangerous situations. It looks like a normal bank card but features a discreet message on the rear so it can be discreetly passed over the counter/bar to get help.

It also acts as an RFID blocking card, protecting cards within a 10cm radius. Conveniently sized to carry in a purse or wallet like a normal card.

- **Designed to be discreet**
- **Emergency message on rear**
- **Blank space for contact numbers**
- **Blocks contactless fraud**

Covert Solutions

Discreet & Practical

Lip balm OT00064

A discreet, everyday lip balm that conceals domestic abuse support information within the barcode. Designed to help organisations share vital helpline details safely and without drawing attention.

Hidden Support

Tampon Kit OT00662

A practical tampon kit containing discreetly hidden domestic abuse advice, safety planning guidance and support helplines within the instruction leaflet. Designed to provide essential information in a familiar everyday product.

Block GPS Tracking

Signal Blocker OT01119

A portable signal-blocking pouch designed to help protect users from unwanted phone tracking by blocking incoming and outgoing signals when a mobile device is placed inside. Supplied with a detachable lanyard for convenient everyday use.

Lanyard not included (OT01365)

Date Safe Pack

OT01474

The Date Safe Pack has been developed to help individuals stay safer and feel more confident when socialising. Combining drink protection, drink testing and emergency contact tools in one convenient pack, it provides practical measures to help reduce the risk of drink tampering and improve personal safety.

Designed to support organisations working with survivors of domestic abuse, the pack provides practical safety tools that can be issued as part of safety planning, outreach and ongoing support.

- **x1 Reusable Drink Protector**
- **x2 Reusable Bottle Protectors**
- **x2 CYD Drink Safety Test Strips**
- **x1 Card Defender Diamond – Help**
- **x1 A7 Advice Slip**

Domestic Abuse Safety Pack

DA PACK

OT01380

The Secured By Design Domestic Abuse Pack brings together a selection of practical safety products designed to help individuals feel safer, more secure and more in control. Combining personal protection, privacy and additional door security, the pack provides valuable reassurance for those at risk and can be quickly deployed by support organisations when needed.

- **Supports personal safety and privacy**
- **Quick and easy to deploy**
- **Ideal for refuge and temporary accommodation**
- **Portable and easy to carry**
- **Secured By Design accredited products included**

Entry Point Protection Pack

Victim Support DV Kit

OT01190

The Victim Support DV Kit combines personal safety and home security products to provide additional reassurance for individuals who may feel vulnerable in their accommodation. Easy to use and quick to deploy, the kit includes personal alarm and property alert devices designed to help attract attention, detect unauthorised access and provide greater peace of mind.

Contents

- **Defender MKA Torch** – A compact personal attack alarm featuring a powerful siren and integrated torch to help users attract attention in an emergency.
- **Defender Ultra Slim Door Handle Alarm** – Provides an audible alert if a door handle is moved, helping users become aware of potential entry attempts.
- **Defender Ultra Slim Window Vibration Alarm** – Detects vibration and movement on windows, triggering a loud alarm when activated.
- **Defender Ultra Slim Door Wedge Alarm** – Combines a door stop and alarm in one device, helping to deter unauthorised entry while alerting occupants.

Emergency Response Pack

Quick Deployment Pack

OT00942

Designed to provide immediate support for individuals at risk, the Quick Deployment Pack combines a carefully selected range of personal safety and property protection products that can be issued quickly when they are needed most. Ideal for emergency accommodation, refuges and support services, the pack helps create a safer environment while providing reassurance during periods of heightened vulnerability.

Provides protection at every stage

- **Delay entry –** Door Brace & Swiftlock
- **Detect entry –** Door Handle & Door Wedge Alarms
- **Call for help –** 4T Panic Alarm & Heart Personal Alarm
